

## **EMPARK**

Madrid- 29 March, 2017

Following the change in the shareholder's structure of Empark announced last 22nd March, 2017, ASSIP and Parkinvest, have informed Empark that they are considering strategic alternatives for their positions, including the sale of their stakes in Empark.

## 1 DISCLAIMER

The financial and other information in this release may contain forward-looking statements (all statements other than those made solely with respect to historical facts) based upon management's beliefs and data currently available to management. These forward-looking statements are based on a variety of assumptions that may not be realized and are subject to significant business, economic, legal and competitive risks and uncertainties, including those set forth below, many of which are beyond the Company's control. The Company's actual operations, financial condition, cash flows and operating results may differ materially from those expressed or implied by any such forward-looking statements and the Company undertakes no obligation to update or revise any such forward-looking statements.

Parts of the financial and other information contained in this report are based on certain estimates with respect to the Company's liquidity, capital resources, results of operations and projections for future periods that are subject to a number of risks and uncertainties including, but not limited to, the following: the ability of the Company to continue as a going concern; the ability of the Company and its subsidiaries to fulfill their obligations under, service and operate pursuant to the terms of, their existing credit facilities and arrangements; the state of the Spanish and global economy and its impact on the Company's business; the ability to fund, develop and execute the Company's business plan; competitive pressures from other companies in the same or similar lines of business as the Company; trends in the economy as a whole which may affect subscriber confidence and demand for the goods and services supplied by the Company; the ability of the Company to predict consumer demand as a whole, as well as demand for specific goods and services; changes in technology and competition; the Company's ability to achieve expected operational efficiencies and economies of scale and its ability to generate expected cash flow, revenue and achieve assumed margins; the ability of the Company to attract, retain and compensate key executives and other personnel; the ability of the Company to maintain existing arrangements and/or enter into new arrangements with third party providers and contract partners; changes in applicable law, regulations or interpretation thereof; continued presence of a fair, competitive market; potential adverse publicity; as well as other factors detailed from time to time in the Company's public reports. Given these and other uncertainties, readers are cautioned not to place undue reliance on the forward-looking statements contained in this release.
